CONTENTS

Number 1

R. M. Scott. Exchangeable Bases of Mature, Well-Drained Soils in Relation to Rainfall in East Africa 1

Eric Bettenay. The Salt Lake Systems and their Associated Aeolian Features in the Semi-Arid Regions of Western Australia 10

G. R. Clarke. The Preparation and Preservation of Soil Monoliths of Thin Section 18

J. W. Muir. The General Principles of Classification with Reference to Soils 22

W. W. Emerson. The Swelling of Ca-Montmorillonite Due to Water Absorption. 1. Water Uptake in the Vapour Phase 31

W. W. Emerson. The Swelling of Ca-Montmorillonite Due to Water Absorption. 2. Water Uptake in the Liquid Phase 40

J. P. Watson. The Soil Below a Termite Mound 46

D. Stephens. Upward Movement of Nitrate in a Bare Soil in Uganda . 52

J. P. Quirk *and* C. R. Panabokke. Incipient Failure of Soil Aggregates . 60

J. P. Quirk *and* C. R. Panabokke. Pore Volume-Size Distribution and Swelling of Natural Soil Aggregates 71

C. R. Clement *and* T. E. Williams. An Incubation Technique for Assessing the Nitrogen Status of Soils Newly Ploughed from Leys 82

A. W. H. Damman. Development of Hydromorphic Humus Podzols and Some Notes on the Classification of Podzols in General 92

B. P. Warkentin *and* R. K. Schofield. Swelling Pressure of Na-Montmorillonite in NaCl Solutions 98

R. Smith *and* V. C. Robertson. Soil and Irrigation Classification of Shallow Soils Overlying Gypsum Beds, Northern Iraq 106

W. K. Janzen. Exchangeable Cations and Mechanical Composition of Solodic Soils of Saskatchewan 116

A. R. Van Wambeke. Criteria for Classifying Tropical Soils by Age . . 124

J. B. D. Robinson *and* P. Gacoka. Evidence of the Upward Movement of Nitrate During the Dry Season in the Kikuyu Red Loam Coffee Soil . 133

Number 2

J. C. C. Romans. The Origin of the Indurated B_3 Horizon of Podzolic Soils in North-East Scotland. 141

W. H. Litchfield *and* J. A. Mabbutt. Hardpan in Soils of Semi-Arid Western Australia 148

A. F. Mackenzie *and* J. E. Dawson. A Study of Organic Soil Horizons Using Electrophoretic Techniques 160

P. H. Walker. Soil Layers on Hillslopes: A Study at Nowra, N.S.W., Australia 167

P. H. Walker. Terrace Chronology and Soil Formation of the South Coast of N.S.W. 178

CONTENTS. *Number* 2 (*continued*)

A. Wormald Taylor *and* E. L. Gurney. Phosphate Equilibria in an Acid Soil 187

J. Naar *and* R. J. Wygal. Water-Suction Curves of Large-Grained Aggregates 198

Wilma W. Smith. Weathering of some Scottish Basic Igneous Rocks with Reference to Soil Formation 202

G. Anderson *and* E. Z. Arlidge. The Adsorption of Inositol Phosphates and Glycerophosphate by Soil Clays, Clay Minerals, and Hydrated Sesquioxides in Acid Media 216

R. J. Hance *and* G. Anderson. A Comparative Study of Methods of Estimating Soil Organic Phosphate 225

S. N. Chakravarti *and* O. Talibudeen. Phosphate Equilibria in Acid Soils 231

D. Purves *and* J. M. Ragg. Copper-Deficient Soils in South-East Scotland 241

C. C. Rudeforth. An Illuminated Polishing Table for Preparing thin Sections of Soil 247

J. W. Muir *and* H. G. M. Hardie. A Punched-Card System for Soil Profiles 249

G. E. G. Mattingly *and* R. J. B. Williams. A Note on the Chemical Analysis of a Soil Buried Since Roman Times 254

R. R. Storrier *and* A. Muir. The Characteristics and Genesis of a Ferritic Brown Earth 259

E. C. Childs *and* A. Poulovassilis. The Moisture Profile above a Moving Water Table 271

C. W. Rose. Some Effects of Rainfall, Radiant Drying, and Soil Factors on Infiltration Under Rainfall into Soils 286

H. C. Pereira *and* P. H. Hosegood. Comparative Water-use of Softwood Plantations and Bamboo Forest 299

J. D. Stout. An Estimation of Microfaunal Populations in Soils and Forest Litter 314

J. K. R. Gasser. Investigations on Rice Growing in British Guiana. II. Field Experiments to Test Effects of Fertilizers, Lime, and Cultivations on Yield, Composition, and Nutrient Uptake 321

M. M. Elgabaly *and* M. Khadr. Clay Mineral Studies of some Egyptian Desert and Nile Alluvial Soils 333
